WITH OVER 10 YEARS OF INDUSTRY EXPERIENCE IN ROPE ACCESS WORKS

Since the start of the company, TSRA has provided a first class, professional service to all customers.

Working as both support specialists within large cleaning contracts and direct to the client, we have the skill and service capability to deliver.

GOING THE HEIGHT FOR OUR CUSTOMERS

As a company, we have developed strong relationships with our customers to provide further contract cleaning services on some of London's most recognisable buildings.

Compared to traditional rope access companies, we specialise and focus on the cleaning elements of our trade to ensure we remain at the peak of our servicing ability.

Fully trained and equipped with the latest rope access equipment, our customers rest easy with the assurance and confidence in our operatives on every visit.

Services

01

Project Cleaning

Tired of your building looking old and tired? Give it a fresh look with our one off specialist cleans.

02

Elevation Cleaning

Don't settle for cleaning of your ground floor areas only. Have the entire elevation cleaned with TS.

03

Window Cleaning

Satisfy all your building glazing needs with our expert cleaning services for all things glass.

04

Contract Cleaning

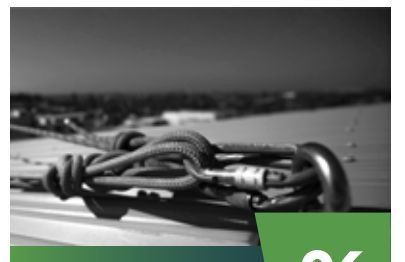

Keep your building sparkling and clean with our regular cleaning contracts services.

05

Bird Control

Controlling and preventing bird activity on facades and elevations with netting, spikes and pin wire.

06

Eye Bolt Testing

Ensuring your access equipment remains compliant and up to date with regular eye bolt testing.
